

Dr. Robyn E. Wilson
Consultant

EXPERTISE and EXPERIENCE: International management consulting, Asia, strategy, change, cross culture, leadership development, senior leader executive coaching, entrepreneurship

■ Robyn Wilson works alongside leaders in Asia as they grow and manage their organisations supporting strategy formulation and execution as well as how they individually and/or as a team and organization work together to accomplish their strategic purpose and intentions. This all includes supporting strategy execution and business transformations at **KR Strategy**. Robyn's rare mix of skills and abilities along with her diverse background and experience gives her great insight when working with clients operating in complex and international environments.

Robyn's background and professional experience is rooted in the hard sciences of IT and engineering – spending many years in a CIO-like role leading IT initiatives across a university campus. Blending this background with strategy, innovation and leadership, Robyn has since spent 18+ years in Asia working with senior leaders in a variety of formats. In recent times, Robyn is working with entrepreneurs, including social entrepreneurs in developing countries, and alongside VCs to help grow purposeful, profitable and sustainable businesses.

Robyn has been a member of Education Sub-committee of the Singapore International Chamber of Commerce since 2008. While working at University of Western Australia in senior IT role, she was member of many senior committees and working parties, including a Chairing Senate Committee and serving as a long term member of Executive Council of a super-Faculty.

■ Robyn earned a PhD from the National University of Singapore and Master's degree from The University of Western Australia. Robyn is certified with numerous psychometric instruments for use with personal, groups/teams and organisations.
